

Dear organisers,  
exhibitors and visitors to  
Russian Construction Week  
and RosBuild 2020 International  
Exhibition,

On behalf of the Russian Ministry of Industry and Trade, I would like to welcome the organisers, exhibitors and visitors to Russian Construction Week and the RosBuild 2020 International Exhibition for Building and Finishing Materials and Technologies.

The growth of the construction industry is an integral part of this country's entire economic development. The use of innovations and advanced technologies in production of construction materials, structures and parts is a key to development of the construction industry and the whole construction sector of Russia.

Russian Construction Week and RosBuild 2020 showcase the latest developments in technology and machinery, production and increased competitiveness of building materials, and ensure the adoption and dissemination of best practices and non-standard solutions.

The show's high standing is confirmed by the number of exhibitions, both Russian and foreign manufacturers, entrepreneurs and research organisations.

Participants in RosBuild have every opportunity to promote their products in new markets. The show facilitates contacts between manufacturers, suppliers and consumers of construction related products.

Let me wish all visitors and participants in Russian Construction Week and RosBuild 2020 fruitful work and new contracts!

**Viktor Evtukhov**  
State Secretary – Deputy Minister  
of Industry and Trade of the  
Russian Federation
